## INSTRUCTIONS

### STEP 1 / ETAPE 1

 Put on the SANKOM Pantyhose with Patented Shaper as you would a skirt with both legs going into the each individual opening. Handle the material carefully.

 Enfilez le SANKOM SANKOM Pantyhose with Patented Shaper comme une jupe, les deux jambes dans le trou central. Manipulez le produit avec soin.

### STEP 2 / ETAPE 2

 Gently pull the SANKOM Pantyhose with Patented Shaper up over your ankles in slow motions using your fingertips. Handle the material carefully as if you were applying pantyhose or stockings.

 Tirez lentement le SANKOM Pantyhose with Patented Shaper jusqu'au-dessus de vos chevilles à l'aide de vos doigts. Manipulez le produit avec soin comme si vous appliquiez un collant ou des bas.

### STEP 3 / ETAPE 3

 Pull the garment up over your knees and thighs. Feel the elasticity of the SANKOM Pantyhose with Patented Shaper working in your advantage while tightening and shaping your upper lower body and legs.

 Tirez le SANKOM Pantyhose with Patented Shaper jusqu'à vos genoux et vos cuisses. Sentez l'élasticité du SANKOM Tights et ses bienfaits en raffermissant et affinant la partie supérieure du bas de votre corps.

### STEP 4 / ETAPE 4

 Draw the Shaper part of the SANKOM Pantyhose with Patented Shaper up to reach your hips and smoothen out the fabric which covers your thighs. Notice how the SANKOM Pantyhose with Patented Shaper is creating a perfect body silhouette around the thigh area.

 Placez le SANKOM Pantyhose with Patented Shaper de façon à atteindre vos hanches et lisser le tissu qui couvre vos cuisses. Remarquez la manière avec laquelle le SANKOM Pantyhose with Patented Shaper crée une silhouette parfaite autour de la région de la cuisse.

### STEP 5 / ETAPE 5

 Finish putting on the SANKOM Pantyhose with Patented Shaper by drawing up the garment around the mid-waist. You will feel an instant tightening of the stomach and support in the lower back. Enjoy!

 Terminez la mise en place du SANKOM Pantyhose with Patented Shaper en déroulant jusqu'en dessous de la poitrine. Vous sentirez instantanément un resserrement au niveau de l'estomac et un support dans le bas du dos.

### TIPS

- Take off your jewelry so it doesn't snag the fabric.
- Do not apply your SANKOM Pantyhose with Patented Shaper immediately after getting out of the shower. A hot bath or shower can cause your skin to expand and if your skin is the slightest bit damp the process of applying your SANKOM Pantyhose with Patented Shaper can be difficult.
- If the SANKOM Pantyhose with Patented Shaper is far too tight, go up a size.

### CONSEILS

- Enlevez vos bijoux afin de ne pas accrocher le tissu.
- Ne pas porter les SANKOM Pantyhose with Patented Shaper immédiatement après être sorti de la douche. Un bain ou une douche chaude peuvent provoquer une dilatation de la peau. De plus, si votre peau est humide, enfiler le SANKOM Pantyhose with Patented Shaper peut être plus difficile.
- Si le SANKOM Tights est beaucoup trop serré, veuillez opter pour la taille supérieure.
